Please Read This Carefully Before Completing Your Application

The Black Hawk College (BHC) admissions policy does not assure admittance of an individual student to a particular course or program. Some students may be required to enroll in specific courses, and others may be denied admission to a requested program because of space limitations. Persons under 18 years of age who have not completed high school must meet specific guidelines.

There is a nonrefundable \$20.00 application fee for applicants who will be attending Black Hawk College while not attending high school at the same time. This fee must be paid prior to submission of this application.

Tuition rates are determined by the LEGAL RESIDENCE of the student. Residence is defined as the place where the student lives and which is the student's true permanent home. Please consult the current BHC Catalog for specific residency information.

If you reside in Illinois, but not within the BHC District and you want to enroll in a program that your community college does not offer, you may receive partial payment of out-of-district tuition. To do this, you must submit a letter of authorization from the community college in your home district.

Students in need of financial assistance to attend Black Hawk College should contact the Financial Aid Office at 309-796-5400. Information on veteran's benefits may be obtained from the Veteran's Resource Center at 309-796-5501.

REQUIRED CREDENTIALS: High School or GED

Transcripts: Students should check specific program requirements and athletic eligibility requirements to determine if the final high school transcript is required.

College Transcripts: An official transcript must be sent directly to BHC from all colleges attended if the applicant wants to use previous college course work for course placement or credit transfer. Evaluation of transfer credit will be conducted upon written request of the applicant.

Assessment: Before enrolling, applicants need to take an assessment test and complete orientation if planning to enroll in or accumulate six credit hours or more. Some classes require a specific test score prior to enrollment, and all students must meet the prerequisites for courses. Applicants should contact the Advising Center at 309-796-5100, Quad-Cities Campus, or 309-854-1709, East Campus.

Applicants for Health Career Programs Must Meet Additional Requirements. For information, please consult the BHC Catalog. Specific contacts for each program are given in the individual program descriptions.

International Students: Students who are not U.S. citizens or permanent residents must contact the International Student Program Coordinator. Please call 309-796-5183. Students for whom English is a second language must contact the English as a Second Language Coordinator and take the English as a Second

Language placement tests.

myBHC: The college web portal at <http://mybhc.bhc.edu> provides a convenient way for students to access their ID number, personal e-mail account, course information, student records, registration, payment, financial information, special announcements and more.

Student ID: Students are assigned a BHC ID number. Use of this ID helps safeguard the confidentiality of your personal information. The ID number will assist you with obtaining available services at the college. A BHC photo ID is required.

Disability Accommodations: BHC is committed to making its services, programs and activities equally available to people with disabilities recognized by the Americans with Disabilities Act. Please call 309-796-5900 for more information.

Black Hawk College will make all educational and personnel decisions without regard to race, color, religion, gender, sexual orientation, marital status, national origin or ancestry, age, physical or mental disability unrelated to ability, or status as a disabled veteran or Vietnam era veteran, except as specifically exempted by law.

If you need an accommodation based on disability to fully participate in a program/event, please contact Disability Services at 309-796-5900. Please allow sufficient time to make arrangements.

Students, faculty and staff at BHC participate in a variety of activities designed to assess and improve student learning and to bring about institutional change. Examples of such activities may include placement testing, surveys, collecting random samples of student work, exit testing, and portfolio evaluation.
